## Safeguarding and looking after our pupils.

It is our responsibility to safeguard all our pupils.

All our staff agree that we should:

- ▶ treat pupils with respect
- ▶ involve pupils in decisions that affect them
- ▶ recognise that challenging behaviour may be an indicator of abuse
- ▶ be aware that personal and family circumstances and lifestyles of some pupils lead to an increased risk of abuse

## Pupil Behaviour

### Pupils behaviour

We are a caring school, whose values are built on mutual trust and respect for all.

### Rewarding our pupils.

Rewarding children for good behaviour is at the centre of our behaviour policy.

Some children may have individualised reward programmes, these vary in nature and are designed with the child's needs at their heart.

### Helping children make the right choice.

We work hard to encourage our pupils to make good choices. We understand that sometimes young children behave in a particular way for a variety of reasons.

First discuss with the child to ascertain the nature of the problem.

Remind the child of the choices they should make.

Please ask our Headteacher or Deputy Headteacher if you feel you need support.

*Further details can be found in our Discipline and Behaviour Policy*

## Working together - ethical practice for our staff

All our staff are valued members of our school community and work together as a team.

Everyone should:

- ▶ place the safety and welfare of pupils above all other considerations.
- ▶ treat everyone with consideration and respect.
- ▶ treat each child as an individual
- ▶ be alert to and report any behaviour that may indicate a pupil is at risk of harm.

*Further details can be found in our Child Protection Policy (appendix 1)*
