

Safeguarding topics for parents Keeping your children safe

Stranger Danger

Keep reminding your children not to speak to strangers, when playing outside, how to recognise trouble, how to get help, yell and tell, using the phone, when walking alone to and from school

Internet safety

Children must not share their personal information online. Make sure they only share their passwords with you and nobody else. Do they know what to do if they see something that they know is not right?

Physical Harm

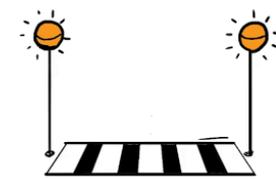

No one should hit, punch, kick, or physically harm your children. It is illegal for parents to smack children. All incidents of physical harm to children must be reported. Ensure your children know who to tell if they are being physically harmed.

Road Safety

Make sure your children know how to cross the road safely. Take them out and about and teach them how to use all types of pedestrian crossings.
